

LABOR TEMPS

YES WE CAN!

SERVING THE CHICAGOLAND AREA SINCE 1990

Labor Temps is proud to announce their 20th anniversary of serving Chicago and suburbs. We have grown to 7 offices and 2 franchises covering all of Chicago and the suburbs. We thank our employees, many who have been with us since we first opened our doors. It is because of their hard work and dedication that we became and continue to be one of the most successful staffing businesses in the area.

Labor Temps also wishes to thank our many customers, again many of which we first partnered with 20 years ago. You are the reason for our existence and our continued growth. Labor Temps has always viewed our customers as our partners. Together we have developed and implemented many of the most innovative staffing solutions in the industry. We hope that we continue to partner in the years to come. In addition we will be honored to serve new customers as we continue to grow in the coming years. Labor Temps pledges to continue their strong commitment to our workforce and to our customers.
